

SINGLES RATES FOR OUR WEEKENDS:

We have had some inquiries about if you come as a single and if you want your partner to come as a single and you want two separate rooms that the price would be out of bounds??

Well all you have to do is ask about that, but some people find that too embarrassing and then they miss out on a good time!

If you come as a single and want to have your own private room that is possible: It is half of the room rate + \$40.00 for single occupancy. For instance a basic room for our 2016 weekend would be \$298.00 for the private room for one person. So if you came as a couple and wanted separate private rooms it would be a total of \$596.00 "NOT" \$1,030.00 which would be the price of the two rooms if it was double occupancy. This is one scenario of two!

Second being if you have two men and two woman and you want to share the couples rate it would go this way. If the two men we're willing to share a room with two twin beds and share the bathroom and the two woman we're willing to have that same arrangement then you could go for the couples price of \$515.00 per room for the men and \$515.00 per room for the woman. Which would be the best singles rate @ \$257.50 per person double occupancy per room.

We are willing to work with you no matter how you would like to room. Just talk to us and we will be more than willing to help you out! That is our job!

Thank you, Bruce & Cindy McCue
